PRANESH SHRESTHA

Frontend Developer

Profile

Frontend Developer fresher with a Bachelor's degree in Computer Science Engineering (BE CSE). Skilled in building clean, responsive, and user-friendly web interfaces using HTML, CSS, and JavaScript. Passionate about modern UI design, performance optimization, and continuous learning, with hands-on project experience in real-world web applications.

Education

Bachelor of Engineering in Computer Science (BE CSE)

University Name: Acharya Institutes of Technology | Year of Graduation: 2025

Projects

Brain Tumor Detection Using VGG16 Algorithm (Final Year Project)

Python, Deep Learning, CNN, VGG16, MRI Imaging

Developed a deep learning-based system to detect brain tumors from MRI images using the VGG16 convolutional neural network architecture. The model performs image preprocessing, feature extraction, and classification to accurately identify tumor presence, improving early diagnosis support.

Responsive E-Commerce Website

HTML, CSS, JavaScript

Designed and developed a modern UI similar to fashion brands with responsive layouts.

Technical Skills

HTML CSS JavaScript
